

A Furukawa Company

Ganged Adapters LC, SC, & ST

Offering A High-Density Adapter Solution

LC Ganged Adapter

ST Ganged Adapter

SC Ganged Adapter

Features

- LC 12 ports per adapter
- SC & ST 6 ports per adapter
- ≈ 0.78 in. wide x 3 in. long x 1.3 in. deep
- ≈ 19.8 mm wide x 76.2 mm long x 33 mm deep
- Built-in dust covers (removable)
- Simplification of product offerings
- Available in multiple connector types (LC, SC, ST)
- Split adapter structure

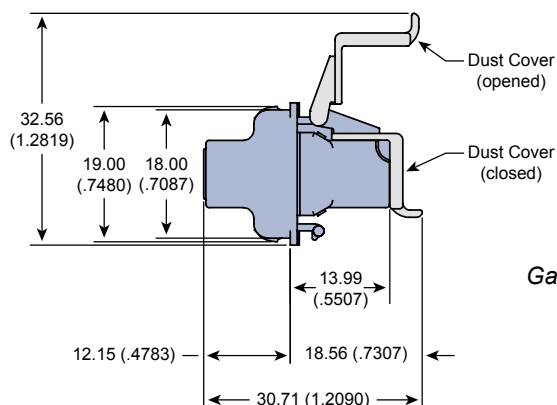

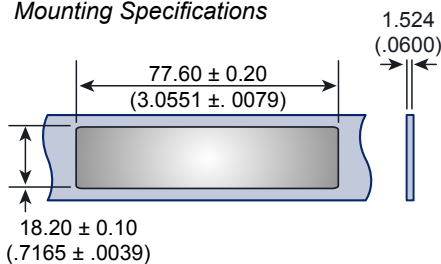

Benefits

- Rapid field installation
- Excellent for high-density face-plate applications
- Reduces number of face-plate patterns
- Simplifies the number of product offerings in frame management hardware
- Services single-mode, multimode or angled connector products
- Built-in dust cover protects front connections
- Allows mix of adapter types within a ganged adapter
- Facilitates cleaning connectors with a unique split adapter structure

Product Description

Today's optical designs demand innovative solutions. The OFS ganged adapter system is a unique high-density product that allows for standard port cutouts that deliver density in a flexible design. The ganged adapter is available in multimode, single-mode, and angled connector types. This high-performance system is available in LC, SC, and ST optical connector formats, all within the same face-plate cutout.
